Peterborough, ON --

Official Plan Update – Official Plan Community Design Charrette

The City of Peterborough's Planning Division is hosting a four-day Community Design Charrette from Monday, June 4th to Thursday, June 7th as part of the Official Plan Update process. A Design Charrette is a collaborative design exercise and its objective is to establish a vision for built form (such as density, height, and building types), streetscapes, as well as green and public spaces.

Public Open House sessions will be hosted in the evenings to display the outcomes of the Design Charrette. Residents and other interested parties are invited to attend the evening Open Houses and provide feedback on the outcomes of the Design Charrette.

Public Open House details are as follows:

Dates: Monday June 4th, 2018 to Thursday June 7th, 2018 inclusive
Time: Drop-in anytime between 6:30 p.m. to 8:00 p.m.
Location: Peterborough Square, Lower Level
340 George Street North, Peterborough

The Design Charrette will establish a design framework for how Downtown Peterborough along with six corridors and eight nodes, which have been identified on major City streets, should develop in the future. The results of the Design Charrette will be used to inform architectural and urban design guidelines and will be incorporated into the City's updated Official Plan.

Those interested in more information on the Official Plan Update process and subscribing to email updates may visit the City of Peterborough's Official Plan Update project website at www.peterborough.ca/planit.

This information is also on our City of Peterborough website (www.peterborough.ca).
